INDEPENDENT AUDITORS' REPORT

To the Alabama Community College System Board of Trustees
and the President of Jefferson State Community College

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Jefferson State Community College (the College), a component unit of the State of Alabama, and its discretely presented component unit, as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the College's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the financial position of the College and its discretely presented component unit, as of September 30, 2024, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the Jefferson State Community College Foundation, Inc. (the Foundation), which represent 2.05%, 4.46% and 1.10%, respectively, of the assets, net position and revenues of the College as of September 30, 2024. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Foundation, is based solely on the report of the other auditors.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial statement audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the College, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion. The financial statements of the Foundation were not audited in accordance with *Government Auditing Standards*.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements
Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information
Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 1 through 12 and the supplementary information on pages 59 through 66 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the

basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the College's basic financial statements. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated January 15, 2025, on our consideration of the College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control over financial reporting and compliance.

Management's Discussion and Analysis (Unaudited)

Introduction

Jefferson State Community College, as a comprehensive, public, two-year, community college, exists to provide an educational environment in which the needs of the individual student, the community, and other target audiences can be met. Within this educational environment, Jefferson State endeavors to make collegiate education accessible to all who seek it and, in a manner, consistent with the vision, mission, goals, and objectives of the Alabama Community College System. The College is dedicated to offering programs and activities which reflect those characteristics that help define an educated person. These characteristics include a level of general education that enables the individual to understand his or her culture and environment; the development of skills in analysis, communication, quantification, and synthesis necessary for further growth as a lifelong learner and a productive member of society; the identification of a system of personal values based on accepted ethics that lead to civic and social responsibility; and the attainment of skills that enhance the development of leisure activities and a healthful lifestyle. These characteristics are attained not only through organized courses and programs, but also through the intellectual and social climate of the College and through a variety of social, cultural, civic and other educational activities that are offered based on the needs of the community.

The following purposes stemming from this philosophy are stated by the College as commitments to fulfilling the overall role of the institution:

- The College is committed to providing accessible educational and workforce development programs through which students may obtain the skills and knowledge necessary to pursue their life's work and to become educated members of society. Students may select an option from among:
    - University parallel degree programs that prepare students to transfer to a college or university as a junior.
    - Career and professional degree programs that integrate general and career-specific education and prepare students for immediate employment.
    - Certificate and non-credit certificate programs and other learning opportunities that enable students to acquire specific training to prepare for employment or advancement in jobs requiring skilled employees.
    - Dual enrollment programs that allow qualified high school students to earn credits for a high school diploma and/or a postsecondary degree.
    - Distance learning programs and classes that promote accessibility through new technologies.

The College is committed to providing the services and environment necessary to assist its students in achieving their educational goals and enhancing their social and physical development. These include:

- Student academic, developmental and support services that assist all students in achieving their goals.
- Administrative services that support students, faculty and staff.
- An environment that is conducive to learning.

The College is committed to acting as a leader in building connections beyond the campus and in fostering partnerships which are inspired by common goals. In addition to offering college facilities and resources to the community, the College accepts the responsibility for providing:

- Activities that promote community, social and civic well-being.
- Courses and other activities that promote economic well-being and growth through workforce training and retraining.
- Opportunities that expand cultural experiences.
- Financial resources to enhance existing and future college programs.

In all of these efforts the College is committed to providing:

- Maintenance of achievement standards consistent with accredited collegiate institutions.
- A system of technical assessments and certifications that meets the needs of business and industry.
- Accessible programs that are offered at reasonable costs.
- The establishment of partnerships with other schools, universities, businesses and the community at large.
- Continual improvement through on-going evaluation and advocacy of innovation in teaching and learning.

Overview of the Financial Statements and Financial Analysis

The purpose of the financial statements is to provide readers with financial information about the activities and financial condition of the College. There are three financial statements presented: the statement of net position; the statement of revenues, expenses and changes in net position; and the statement of cash flows. These statements should be read in conjunction with the notes to the financial statements. The following summary and management discussion of the results is intended to provide the readers with an overview of the financial statements.

Statement of Net Position

The Statement of Net Position presents the assets, deferred outflows, liabilities, deferred inflows and net position of the College as of the end of the fiscal year. The Statement of Net Position is a point of time financial statement. The purpose of the Statement of Net Position is to present to the readers of the financial statements a fiscal snapshot of the College. The Statement of Net Position includes all assets and liabilities. The College's net position (the difference between assets plus deferred outflows and liabilities plus deferred inflows) is one indicator of the College's financial health. Over time, increases or decreases in net position are an indicator of the improvement or erosion of the College's financial health when considered with non-financial facts such as enrollment levels and the condition of the facilities.

From the data presented, readers of the Statement of Net Position can determine the assets available to continue the operations of the College. They are also able to determine how much the College owes vendors, bond holders and lending institutions. Finally, the Statement of Net Position provides a picture of the net position (assets and deferred outflows minus liabilities and deferred inflows) and their availability for expenditure by the College.

Net position is divided into three major categories. The first category, net investment in capital assets, provides the College's equity in property, plant and equipment owned by the College. The next asset category is restricted net position, which is divided into two categories, non-expendable and expendable. The corpus of non-expendable restricted resources is only available for investment purposes. Expendable restricted net position is available for expenditure by the College but must be spent for purposes as determined by donors and/or external entities that have placed time or purpose restrictions on the use of the assets. The final category is unrestricted net position which is available to the College for any appropriate purpose of the College.

The condensed Statement of Net Position shows a significant change in current assets. This change was a result of the maturity date on investments that were held on September 30, 2024, along with an increase in cash due to income from operations. The statement also shows a decrease in noncurrent assets due to an ordinary increase in accumulated depreciation. The final significant changes were from the actuarial calculations for Governmental Accounting Standards Board (GASB) Statements 68 and 75. These estimates affected the deferred outflows of resources, deferred Inflows of resources, and noncurrent liabilities.

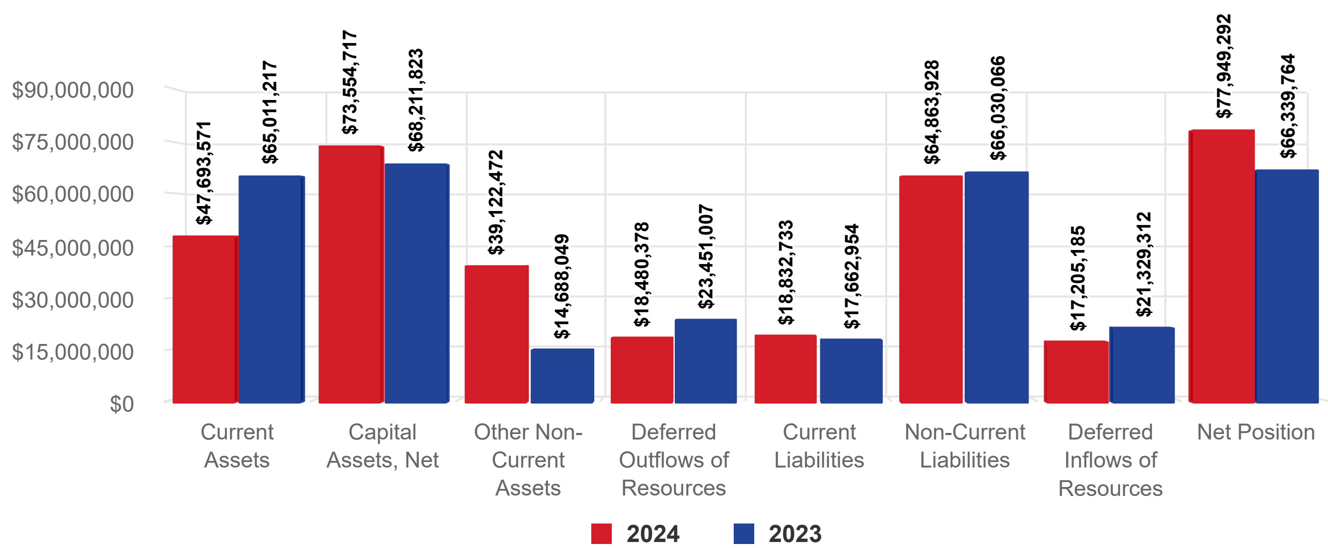
A condensed Statement of Net Position at September 30, 2024 and 2023, is presented below.

Statement of Net Position

	2024	2023
Assets		
Current Assets	$ 47,693,571	$ 65,011,217
Capital Assets, Net	73,554,717	68,211,823
Other Non-Current Assets	39,122,472	14,688,049
Total Assets	**160,370,760**	**147,911,089**
Deferred Outflows of Resources	18,480,378	23,451,007
Liabilities		
Current Liabilities	18,832,733	17,662,954
Non-Current Liabilities	64,863,928	66,030,066
Total Liabilities	**83,696,661**	**83,693,020**
Deferred Inflows of Resources	**17,205,185**	**21,329,312**
Net Position		
Net Investment in Capital Assets	62,574,904	54,669,278
Restricted - Expendable	3,505,151	3,430,758
Restricted - Non-Expendable	1,458,002	1,388,507
Unrestricted	10,411,235	6,851,221
Total Net Position	**$ 77,949,292**	**$ 66,339,764**

The chart shows the changes in net position compared to the prior year. Unrestricted net position increased by $3,560,014 from 2023 to 2024. Unrestricted net position has steadily increased since the implementation of GASB Statement 68, Accounting and Financial Reporting for Pensions and GASB Statement 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions. These were intended to improve accounting and financial reporting by state and local governments for postemployment benefits.

Statement of Net Position



Statement of Revenues, Expenses and Changes in Net Position

Changes in total net position as presented on the Statement of Net Position are based on the activity presented in the Statement of Revenues, Expenses and Changes in Net Position. The purpose of the statement is to present the revenues earned by the College, both operating and non-operating, and the expenses incurred by the College, operating and non-operating, and any other revenues, expenses, gains and losses earned or expended by the College.

Operating revenues are received for providing goods and services to the various customers and constituencies of the College. Operating expenses are those expenses paid to acquire or produce the goods and services provided in return for the operating revenues, and to carry out the mission of the College. Non-operating revenues are revenues received for which goods and services are not provided. For example, state appropriations are non-operating because they are provided by the Legislature to the College without the Legislature directly receiving commensurate goods and services for those revenues. This will normally result in a public college showing an operating deficit because GASB Statement 35 classifies state appropriations and gifts as non-operating revenues.

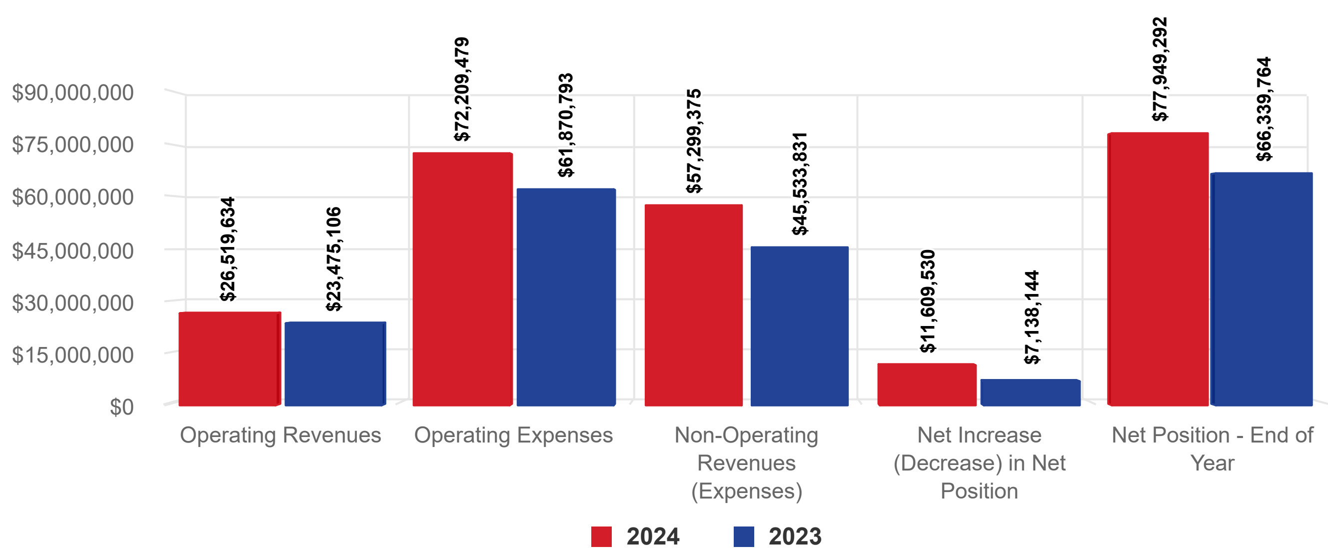
The statement of revenues, expenses and changes in net position reflects a positive year with increase in net position at the end of the year of $11,609,530. The increase was due to an increase in state appropriations, state capital grants, and non-operating federal grants. Some highlights of the information presented on the statement of revenues, expenses and changes in net position are the following:

Statements of Revenues, Expenses and Changes in Net Position

	2024	2023
Operating Revenues	$ 26,519,634	$ 23,475,106
Operating Expenses	72,209,479	61,870,793
Operating Income (Loss)	(45,689,845)	(38,395,687)
Non-Operating Revenues (Expenses)	57,299,375	45,533,831
Net Increase (Decrease) in Net Position	11,609,530	7,138,144
Net Position - Beginning of Year	66,339,762	59,201,620
Net Position - End of Year	**$ 77,949,292**	**$ 66,339,764**

The following is a graphic presentation of the College's Statement of Revenues, Expenses and Changes in Net Position for the years ended September 30, 2024 and 2023:

Statement of Revenues, Expenses and Changes in Net Position

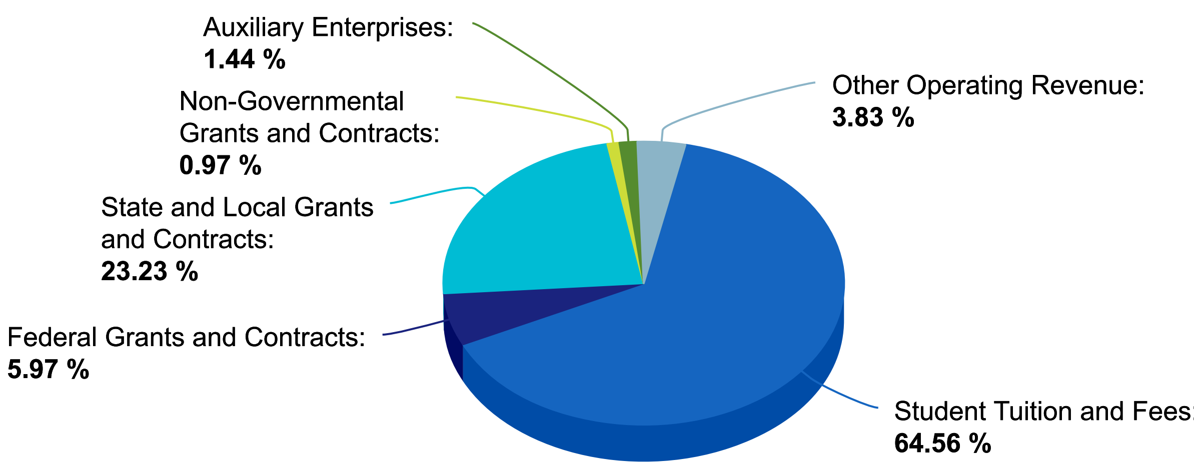


Operating Revenues

	2024	2023
Operating Revenues		
Student Tuition and Fees	$ 17,122,101	$ 15,917,454
Federal Grants and Contracts	1,583,545	1,489,566
State and Local Grants and Contracts	6,159,607	4,848,444
Non-Governmental Grants and Contracts	257,816	259,922
Auxiliary Enterprises	381,765	217,086
Other Operating Revenue	1,014,800	742,634
Total Operating Revenues	**$ 26,519,634**	**$ 23,475,106**

The below chart displays the operating revenues by type and their relationship with one another. Some highlights of the information presented on the Statement of Revenues, Expenses and Changes in Net Position are the following:

Operating Revenues by Source



The above chart illustrates revenues by source and their relationship with one another. There was an unrealized gain on investments of $882,203 that is not reflected on this chart. This unrealized gain is due to a change in the interest rate compared to the stated rate on the College's investments at year end. The College expects to hold these investments to maturity; therefore, it is not expected to incur an unexpected loss or gain on these investments. State appropriations represent the largest type of non-operating revenue. Student tuition and fees represent the largest type of operating revenue. State Grants and Contracts experienced an increase this year due to the increase in the dual enrollment funds.

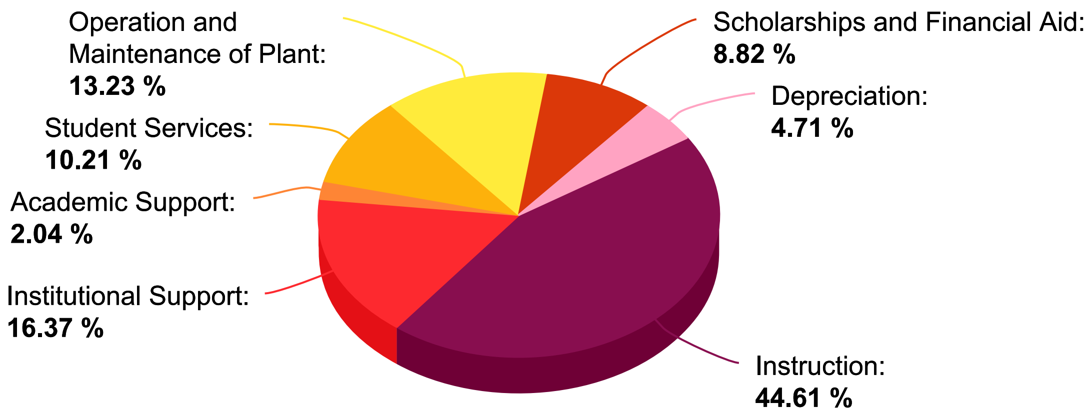
The operating expenses by function are displayed in the following exhibit.

Operating Expenses

	2024	2023
Operating Expenses		
Instruction	$ 32,211,240	$ 27,056,546
Institutional Support	11,820,925	11,451,006
Academic Support	1,475,664	1,132,606
Student Services	7,370,548	6,430,001
Operation and Maintenance of Plant	9,555,346	6,732,756
Scholarships and Financial Aid	6,372,117	5,824,912
Depreciation	3,403,639	3,242,966
Total Operating Expenses	**$ 72,209,479**	**$ 61,870,793**

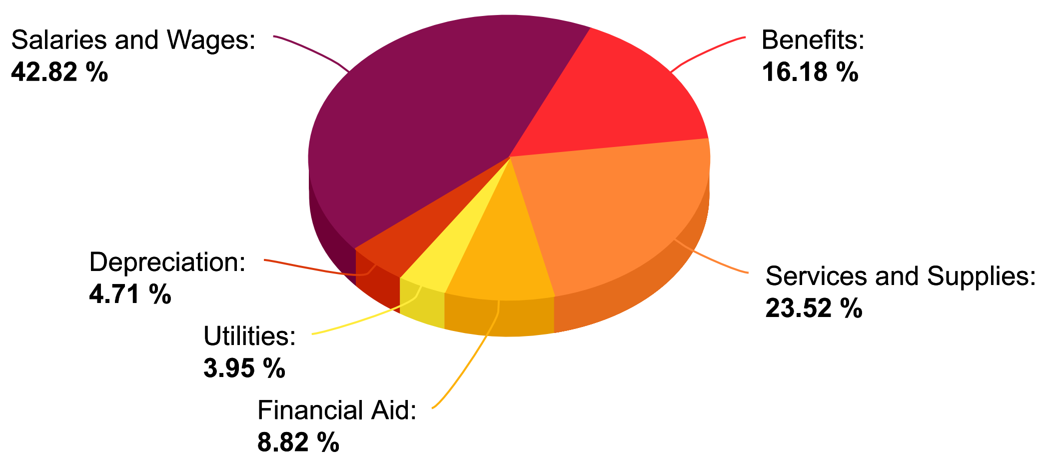
The following graph represents a comparison of fiscal years 2024 and 2023 operating expenses by function. The increase in instruction expenses was due to the new book rental program. The increase in operation and maintenance expense was due to improving the heating and cooling systems at the Jefferson Campus.

Operating Expenses by Function



Operating expenses are summarized here by natural classification.

Operating Expenses by Natural Classification

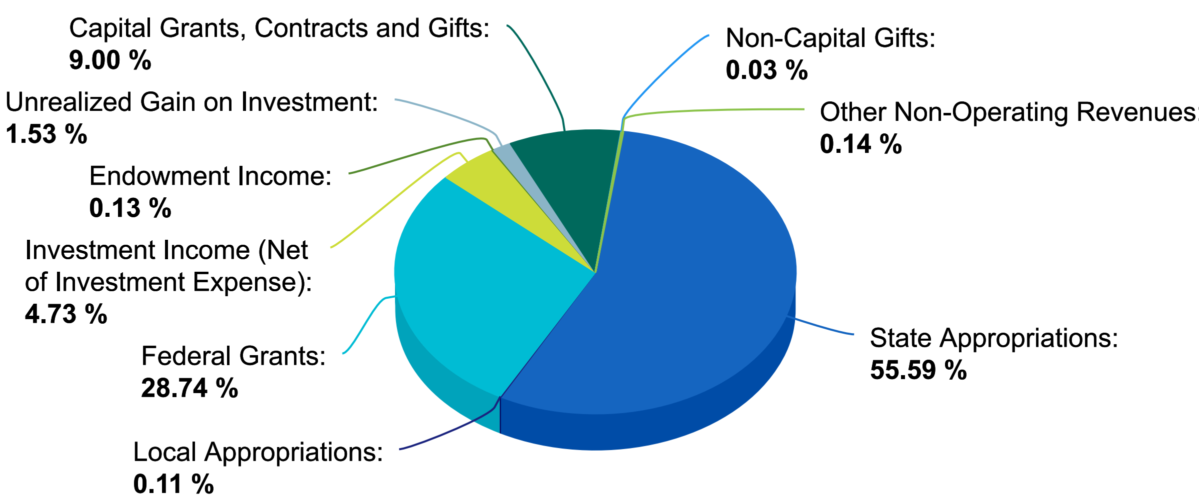


Comparison of Non-Operating Revenue

	2024	2023
Non-Operating Revenue		
State Appropriations	$ 32,099,521	$ 29,570,799
Local Appropriations	65,000	65,000
Federal Grants	16,596,329	14,155,933
Investment Income (Net of Investment Expense)	2,728,266	859,001
Endowment Income	72,276	9,020
Unrealized Gain on Investment	882,203	776,925
Capital Grants, Contracts and Gifts	5,196,588	657,990
Non-Capital Gifts	15,520	-
Other Non-Operating Revenues	81,466	-
Total Non-Operating Revenue	**$ 57,737,169**	**$ 46,094,668**

The following chart displays the non-operating revenues by type and their relationship with one another for the fiscal year ended September 30, 2024.

Comparison of Non-Operating Revenue



Statement of Cash Flows

The final statement presented by the College is the Statement of Cash Flows which presents detailed information about the cash activity of the College during the year. The statement is divided into five parts. The first part deals with operating cash flows and shows the net cash used in the operating activities of the College. The second section shows cash flows from non-capital financing activities. This section reflects the cash received and spent for non-operating, non-investing and non-capital financing purposes. The third section reflects cash flows from capital and related financing activities. This section deals with the cash used for the acquisition and construction of capital and related items. The fourth section reflects the cash flows from investing activities and shows the purchases, proceeds and interest received from investing activities. The fifth section reconciles the net cash used for the operating income or loss reflected on the Statement of Revenues, Expenses and Changes in Net Position. The decrease in cash is a result of the increase in accounts receivable.

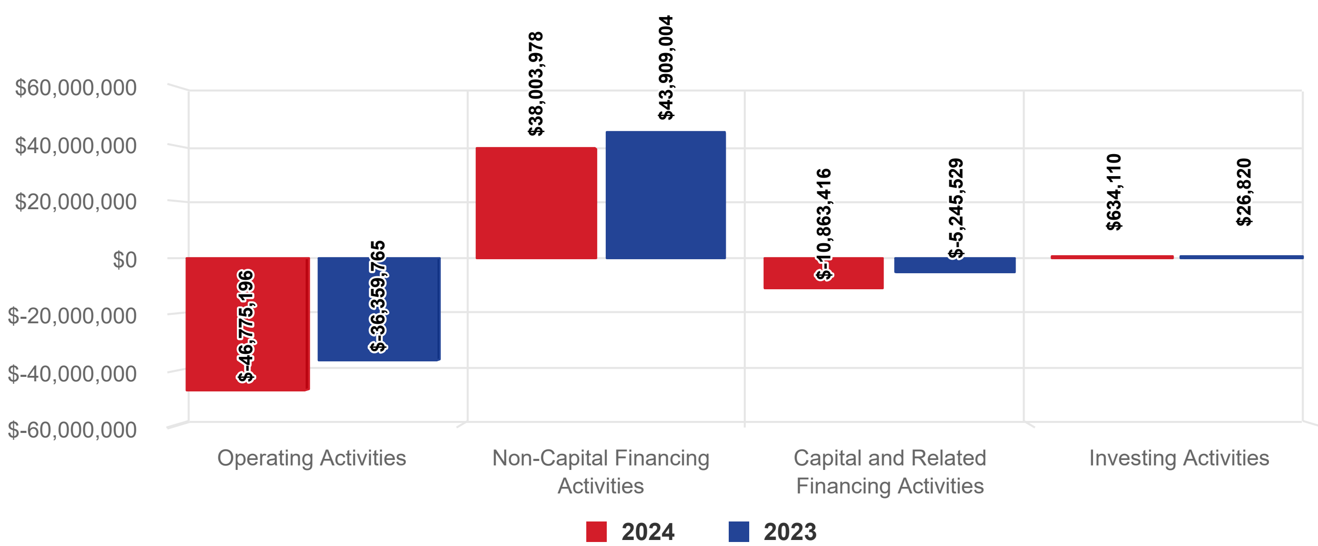
A condensed Statement of Cash Flows for the years ended September 30, 2024 and 2023 is presented below.

Statement of Cash Flows

	2024	2023
Cash Provided by (Used in):		
Operating Activities	$ (46,775,196)	$ (36,359,765)
Non-Capital Financing Activities	38,003,978	43,909,004
Capital and Related Financing Activities	(10,863,416)	(5,245,529)
Investing Activities	634,110	26,820
Net Change in Cash and Cash Equivalents	**(19,000,524)**	**2,330,530**
Cash and Cash Equivalents at Beginning of Year	23,741,661	21,411,131
Cash and Cash Equivalents at End of Year	**$ 4,741,137**	**$ 23,741,661**

The following chart visually depicts the cash flow figures used to generate the net change in cash for the year 2024-2023.

Statement of Cash Flows



Economic Outlook

The economy of the College's service area is projected to continue to increase. This is reflected in the increase in the service area's population combined with the decrease in unemployment. The College continually positions itself to fulfill the in-demand occupations of our service area including office and administrative support, healthcare, food service industry, and construction and manufacturing. The College's overall financial position continues to be stable, and we anticipate the next fiscal year will be comparable to this fiscal year. The College is anticipating these constraints and has made many budget adjustments while preserving the College's commitment to use available resources to acquire and improve the College's ability to accomplish its missions of instruction and public service. The College has made budget adjustments while preserving its commitment to use available resources to acquire and improve the College's ability to accomplish its missions of instruction and public service.

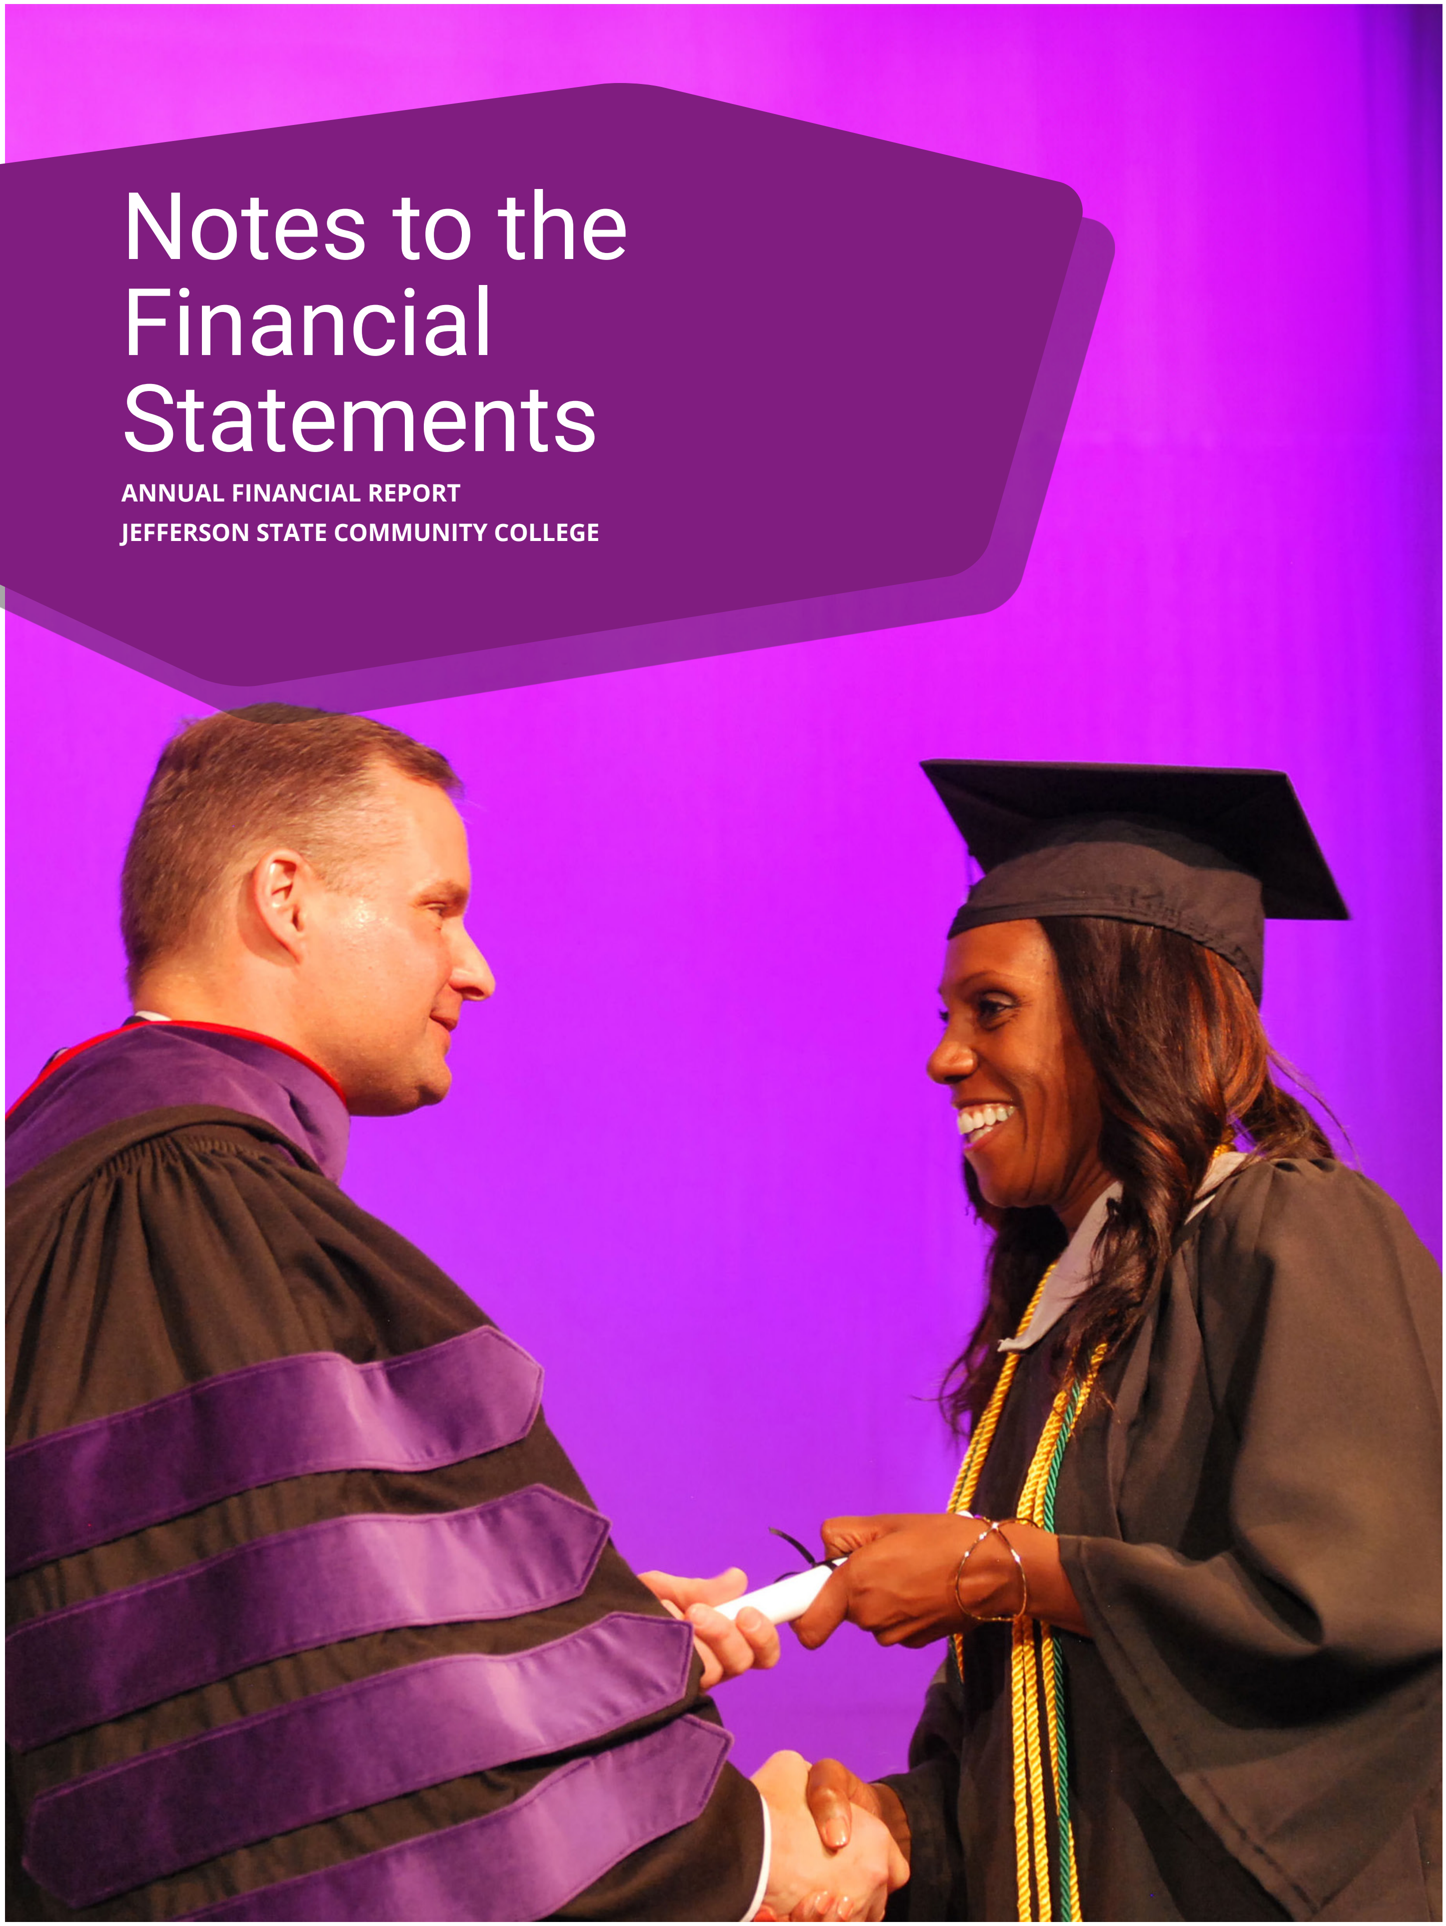
Notes to the Financial Statements

ANNUAL FINANCIAL REPORT
JEFFERSON STATE COMMUNITY COLLEGE



The page Intentionally left blank

Note 1. Summary of Significant Accounting Policies

Nature of Operations

The financial statements of Jefferson State Community College (the "College") are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP). The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant accounting policies of the College are described below.

Reporting Entity

The College is a component unit of the State of Alabama. A component unit is a legally separate organization for which the elected officials of the primary government are financially accountable. The Governmental Accounting Standards Board (GASB) in Statement Number 14, *The Financial Reporting Entity*, states that a primary government is financially accountable for a component unit if it appoints a voting majority of an organization's governing body and (1) it is able to impose its will on that organization or (2) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government. In this case, the primary government is the State of Alabama which through the Alabama Community College System Board of Trustees governs the Alabama Community College System. The Alabama Community College System through its Chancellor has the authority and responsibility for the operation, management, supervision and regulation of the College. In addition, the College receives a substantial portion of its funding from the State of Alabama (potential to impose a specific financial burden). Based on these criteria, the College is considered for financial reporting purposes to be a component unit of the State of Alabama.

Component Unit

Jefferson State Community College Foundation, Inc. (the "Foundation") is organized exclusively for providing support through student scholarships, selected faculty and staff development activities and college-community partnerships for the College. Because of the significance of the relationship between the College and the Foundation, the Foundation is considered a component unit of the College. The Foundation's financial statements and accompanying notes are reported separately because of the difference in the reporting model for the Foundation. The Foundation follows the Financial Accounting Standards Board (FASB) rather than the Governmental Accounting Standards Board (GASB). As a result, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the Foundation's financial statements for these differences.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The financial statements of the College have been prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

It is the policy of the College to first apply restricted resources when an expense is incurred and then apply unrestricted resources when both restricted and unrestricted resources are available.

The Statement of Revenues, Expenses and Changes in Net Position distinguishes between operating and non-operating revenues. Operating revenues, such as tuition and fees, result from exchange transactions associated with the principal activities of the College. Exchange transactions are those in which each party to the transactions receives or gives up essentially equal values. Non-operating revenues arise from exchange transactions not associated with the College's principal activities, such as investment income and from all non-exchange transactions, such as state appropriations.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash, Cash Equivalents and Investments

Cash and cash equivalents include cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

Statutes authorize the College to invest in the same type of instruments as allowed by Alabama law for domestic life insurance companies. This includes a wide range of investments, such as direct obligations of the United States of America, obligations issued or guaranteed by certain federal agencies, and bonds of any state, county, city, town, village, municipality, district or other political subdivision of any state or any instrumentality or board thereof or of the United States of America that meet specified criteria.

Investments are reported at fair value based on quoted market prices, except for money market investments and repurchase agreements, which are reported at amortized cost.

Accounts Receivable

Accounts receivable relate to amounts due from students, federal grants, state grants and third-party tuition. The receivables are shown net of allowance for doubtful accounts. During fiscal year 2024, the Alabama Community College System adopted a standard method of calculating the allowance for doubtful accounts, which was implemented by the College.

Capital Assets

Capital assets, other than intangibles, with a unit cost of over $5,000 and an estimated useful life in excess of one year, and all library books, are recorded at historical cost or estimated historical cost if purchased or constructed. The capitalization threshold for intangible assets such as capitalized software and internally generated computer software is $1,000,000 and $100,000 for easements and land use rights and patents, trademarks and copyrights. In addition, works of art and historical treasures and similar assets are recorded at their historical cost. Donated capital assets are recorded at acquisition value (an entry price). Land, construction in progress and intangible assets with indefinite lives are the only capital assets that are not depreciated. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend its life are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Maintenance and repairs are charged to operations when incurred. Betterments and major improvements which significantly increase values, change capacities or extend useful lives are capitalized. Upon the sale or retirement of fixed assets being depreciated using the straight-line method, the cost and related accumulated depreciation are removed from the respective accounts and any resulting gain or loss is included in the results of operations.

The method of depreciation and useful lives of the capital assets are as follows:

Assets	Depreciation Method	Useful Lives
Buildings	Straight Line	50 years
Building Alterations	Straight Line	25 years
Improvements other than Buildings and Infrastructure	Straight Line	25 years
Furniture and Equipment	Straight Line	5-10 years
Library Materials	Composite	20 years
Capitalized Software	Straight Line	10 years
Internally Generated Computer Software	Straight Line	10 years
Easement and Land Use Rights	Straight Line	20 years
Patents, Trademarks, and Copyrights	Straight Line	20 years

Subscription-Based Information Technology Arrangements (SBITA)

For the year ended September 30, 2024, the financial statements include the adoption of GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*. The primary objective of this statement is to enhance the relevance and consistency of information about subscription activities. This statement establishes a single model for subscription accounting based on the principle that subscriptions are financings of the right to use an underlying asset. Under this statement, an organization is required to recognize a subscription liability and an intangible right-to-use subscription asset.

Deferred Outflows of Resources

Deferred outflows of resources are reported in the Statement of Net Position. Deferred outflows of resources are defined as a consumption of net assets by the government that is applicable to a future reporting period. Deferred outflows of resources increase net position, similar to assets.

Long-Term Obligations

Long-term debt and other long-term obligations are reported as liabilities in the Statement of Net Position. Bonds are carried net of applicable premiums and discounts. Bond premiums and discounts are amortized over the life of the applicable bonds.

Unearned Tuition and Fee Revenue

Tuition and fee revenues received for Fall Term but related to the portion of the Term that occurs in the subsequent fiscal year have been disclosed as unearned revenues.

Compensated Absences

No liability is recorded for sick leave. Substantially all employees of the College earn 12 days of sick leave each year with unlimited accumulation. Payment is not made to employees for unpaid sick leave at termination or retirement.

All non-instructional employees earn annual leave at a rate which varies from 12 to 24 days per year depending on duration of employment, with accumulation limited to 60 days. Instructional employees do not earn annual leave. Payment is made to employees for unused leave at termination or retirement.

Deferred Inflows of Resources

Deferred inflows of resources are reported in the Statement of Net Position. Deferred inflows of resources are defined as an acquisition of net assets by the government that is applicable to a future reporting period. Deferred inflows of resources decrease net position, similar to liabilities.

Pensions

Employees of the College are covered by a cost sharing multiple-employer defined benefit pension plan administered by the Teachers Retirement System of Alabama (the “Plan”). The TRS financial statements are prepared using the economic resources measurement focus and accrual basis of accounting. Contributions are recognized as revenues when earned, pursuant to the Plan requirements. Benefits and refunds are recognized when due and payable in accordance with the terms of the Plan. Expenses are recognized when the corresponding liability is incurred, regardless of when the payment is made.

Investments are reported at fair value. Financial statements are prepared in accordance with the requirements of the GASB. Under these requirements, the Plan is considered a component unit of the State of Alabama and is included in the State’s Annual Comprehensive Financial Report.

Postemployment Benefits Other than Pensions (OPEB)

The Alabama Retired Education Employees’ Health Care Trust (the “Trust”) financial statements are prepared by using the economic resources measurement focus and accrual basis of accounting. This includes for purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Trust and additions to/deductions from the Trust’s fiduciary net position. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions are recognized when due pursuant to plan requirements. Benefits are recognized when due and payable in accordance with the terms of the Plan.

Net Position

Net position is required to be classified for accounting and reporting purposes into the following categories:

- **Net Investment in Capital Assets** – Capital assets, including restricted capital assets, reduced by accumulated depreciation and by outstanding principal balances of debt attributable to the acquisition, construction or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction or improvement of those assets or related debt are also included in this component of net position. Any significant unspent related debt proceeds or inflows of resources at year-end related to capital assets are not included in this calculation.
- **Restricted:**
  - *Expendable* – Net position whose use by the College is subject to externally imposed stipulations that can be fulfilled by actions of the College pursuant to those stipulations or that expire by the passage of time. These include funds held in federal loan programs.
  - *Non-expendable* – Net position subject to externally imposed stipulations that they be maintained permanently by the College. Such assets include the College's permanent endowment funds.
- **Unrestricted** – Net amount of the assets, deferred outflows of resources, liabilities and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position. Unrestricted resources may be designated for specific purposes by action of management or the Alabama Community College System Board of Trustees.

Federal Financial Assistance Programs

The College participates in various federal programs. Federal programs are audited in accordance with *Title 2 U. S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance).*

Scholarship Allowances and Student Aid

Student tuition and fees are reported net of scholarship allowances and discounts. The amount for scholarship allowances and discounts is the difference between the stated charge for goods and services provided by the College and the amount that is paid by the student and/or third parties making payments on behalf of the student. The College uses the case-by-case method as prescribed by the National Association of College and University Business Officers (NACUBO) in their Advisory Report 2000-05 to determine the amount of scholarship allowances and discounts.

Subsequent Events

Management has evaluated subsequent events through January 15, 2025, which is the date the financial statements were issued.

Note 2. Deposits and Investments

Deposits

Deposits at year-end were held by financial institutions in the State of Alabama's Security for Alabama Funds Enhancement (SAFE) Program. The SAFE Program was established by the Alabama Legislature and is governed by the provisions contained in the *Code of Alabama 1975, Sections 41-14A-1 through 41-14A-14*. Under the SAFE Program, all public funds are protected through a collateral pool administered by the Alabama State Treasurer's Office. Under this program, financial institutions holding deposits of public funds must pledge securities as collateral against those deposits. In the event of failure of a financial institution, securities pledged by the financial institution would be liquidated by the State Treasurer to replace the public deposits not covered by the Federal Depository Insurance Corporation (FDIC). If the securities pledged failed to produce adequate funds, every institution participating in the pool would share the liability for the remaining balance.

The Statement of Net Position classification "Cash and Cash Equivalents" includes all readily available cash such as petty cash, demand deposits and certificates of deposits with original maturities of three months or less.

Investments

The College may invest its funds in a manner consistent with all applicable state and federal regulations. All monies shall be placed in interest-bearing accounts unless legally restricted by an external agency. Investments in debt securities are limited to the two highest quality credit ratings as described by nationally recognized statistical rating organizations (NRSROs). Obligations of the U.S. government or obligations explicitly guaranteed by the U.S. government are excluded from this requirement.

Permissible investments include:

1. U.S. Treasury bills, notes, bonds and stripped Treasuries;
2. U.S. Agency notes, bonds, debentures, discount notes and certificates;
3. Certificates of Deposit (CDs), checking and money market accounts of savings and loan associations, mutual savings banks, or commercial banks whose accounts are insured by FDIC/FSLIC, and who are designated a Qualified Public Depository (QPD) under the SAFE Program;
4. Mortgage Backed Securities (MBSs);
5. Mortgage related securities to include Collateralized Mortgage Obligations (CMOs) and Real Estate Mortgage Investment Conduits (REMIC) securities;
6. Repurchase agreements; and
7. Stocks and Bonds which have been donated to the College.

The College's portfolio shall consist primarily of bank CDs and interest bearing accounts, U.S. Treasury securities, debentures of a U.S. Government Sponsored Entity (GSE) and securities backed by collateral issued by GSEs. In order to diversify the portfolio's exposure to concentration risk, the portfolio's maximum allocation to specific product sectors is as follows:

1. U.S. Treasury bills, notes and bonds can be held without limitation as to amount. Stripped Treasuries shall never exceed 50 percent of the College's total investment portfolio. Maximum maturity of these securities shall be ten years.
2. U.S. Agency securities shall have limitations of 50 percent of the College's total investment portfolio for each Agency, with two exceptions: TVA and SLMA shall be limited to ten percent of total investments. Maximum maturity of these securities shall be ten years.
3. CDs with savings and loan associations, mutual savings banks, or commercial banks may be held without limit provided the depository is a QPD under the SAFE Program. CD maturity shall not exceed five years.
4. The aggregate total of all MBSs may not exceed 50 percent of the College's total investment portfolio. The aggregate average life maturity for all holdings of MBS shall not exceed seven years, while the maximum average life maturity of any one security shall not exceed ten years.
5. The total portfolio of mortgage related securities shall not exceed 50 percent of the College's total investment portfolio. The aggregate average life maturity for all holdings shall not exceed seven years while the average life maturity of one security shall not exceed ten years.
6. The College may enter into a repurchase agreement so long as:
   a) the repurchase securities are legal investments under state law for Colleges;
   b) the College receives a daily assessment of the market value of the repurchase securities, including accrued interest, and maintains an adequate margin that reflects a risk assessment of the repurchase securities and the term of the transaction; and
   c) the College has entered into signed contracts with all approved counterparties.
7. The College has discretion to determine if it should hold or sell other investments that it may receive as a donation.

The College shall not invest in stripped mortgage backed securities, residual interest in CMOs, mortgage servicing rights or commercial mortgage-related securities.

Investment of debt proceeds and deposits with trustees is governed by the provisions of the debt agreement. Funds may be invested in any legally permissible document.

Endowment donations shall be invested in accordance with the procedures and policies developed by the College and approved by the Chancellor in accordance with the *"Alabama Uniform Prudent Management of Institutional Funds Act"*, *Code of Alabama 1975*, *Section 19-3C-1* and following.

The College's investments consisted of the following as of September 30, 2024:

Investment Type	Amount
U.S. Treasuries	$ 47,684,178
Certificates of deposit	223,882
Money market funds	779,495
Real estate	103,200
Total	**$ 48,790,755**

Investment Risk Factors – Many factors can affect the value of investments. Some, such as custodial credit risk, concentration of credit risk and foreign currency risk, may affect both equity and fixed income securities. Equity securities respond to such factors as economic conditions, individual company earnings performance and market liquidity, while fixed income securities are particularly sensitive to credit risks and changes in interest rates.

Credit Risk – Fixed income securities are subject to credit risk, which is the chance that a bond issuer will fail to pay interest or principal in a timely manner, or that negative perceptions of the issuer's ability to make these payments will cause security prices to decline. These circumstances may arise due to a variety of factors such as financial weakness, bankruptcy, litigation and/or adverse political developments. Certain fixed income securities, primarily obligations of the U.S. government or those explicitly guaranteed by the U.S. government, are not considered to have significant credit risk.

The College's investments in the U. S. Treasury Notes held a Moody's rating of "AAA" and a Standard & Poor's rating of "AA+."

Interest Rate Risk – Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment.

At September 30, 2024, the maturity dates of the College's debt instruments were as follows:

	Investment Maturities				
Investment Type	**Less Than 1**	**1 - 5**	**6 - 10**	**More Than 10**	**Totals**
U.S. Treasuries	$ 9,277,839	$ 38,406,339	$ -	$ -	$ 47,684,178
Total	**$ 9,277,839**	**$ 38,406,339**	**$ -**	**$ -**	**$ 47,684,178**

The College's Endowment Fund does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increased interest rates. As a means of limiting its exposure to fair value losses arising from rising interest rates, the College's investment policy limits its investment maturities as follows:

Investment Type	Maximum Maturity
Stripped Treasuries	10 years
U.S. Agencies (except for TVA and SLMA)	10 years
TVA and SLMA	10 years
Mortgage-Backed Securities and Mortgage Related Securities	7 years* 10 years**

* Aggregate life

** Average life maturity of any one security

Custodial Credit Risk – For an investment, this is the risk that, in the event of the failure of the counterparty, the government will not be able to cover the value of its investments or collateral securities that are in the possession of an outside party. The College has no formal policy limiting the amount of securities that can be held by counterparties.

Concentration of Credit Risk – Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The College did not have a formal investment policy which limited investment in any one issuer to less than 5%. However, the College's investments were in investment pools.

Investment Type	% of Investment
Stripped Treasuries	50%
U.S. Agencies (except for TVA and SLMA)	50%
TVA and SLMA	10%
Certificate of Deposit	No limit
Mortgage Backed Securities and Mortgage Related Securities	50%

Deposits with Trustees

At September 30, 2024, the College had $2,625,816 in accounts administered by its bond trustees.

The funds for the 2016 Bond Series of $1,005,407 and the funds for the 2014 Bond Series of $1,620,409 were invested in Federated Hermes U. S. Treasury Cash Reserve (the Fund), an external investment pool. The Fund consists of U. S. Treasury Obligations maturing within 397 days from the date of purchase. The Funds are consistently rated "Aaa-mf" by Moody's and "AAAm" by Standard and Poor's.

Fair Value Measurements

GASB Statement No. 72, *Fair Value Measurement and Application*, sets forth the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under GASB 72 are described as follows:

- Level 1 – Investments whose values are based on quoted prices (unadjusted) for identical assets in active markets that a government can access at the measurement date.
- Level 2 – Investments with inputs, other than quoted prices included within Level 1, that are observable for an asset either directly or indirectly.
- Level 3 – Investments classified as Level 3 have unobservable inputs for an asset and may require a degree of professional judgment.

		Assets at Fair Value as of September 30, 2024		
Investments by Fair Value Level	**Fair Value**	**Quoted Prices in Active Markets Identical for Assets (Level 1)**	**Significant Other Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**
Debt Securities				
U.S. Government Guaranteed	$ 47,684,178	**$ 47,684,178**	**$ -**	**$ -**
Real estate	103,200			
Certificates of deposit	223,882			
Money market account	779,495			
Other cash equivalents	2,625,816			
Total	**$ 51,416,571**			

Real estate classified in Level 2 is valued based on Jefferson County, Alabama property tax assessment.

Note 3. Accounts Receivable

Accounts Receivable are reported and summarized as follows:

Description	Amount
Federal	$ 16,636,225
Student	640,069
State	11,560,667
Third-Party	594,680
Other	778,695
Less: Allowance for Doubtful Accounts	(164,935)
Total Accounts Receivable	**$ 30,045,401**

Note 4. Capital Assets

Capital asset activity for the year ended September 30, 2024, was as follows:

Description	Beginning Balance	Additions	Reductions/ Transfers	Adjustments	Ending Balance
Non-depreciable Capital Assets					
Land	$ 9,143,715	$ -	$ -	$ -	$ 9,143,715
Construction in Progress	1,108,022	5,999,549	(158,119)	-	6,949,452
Total Non-depreciable Capital Assets	**10,251,737**	**5,999,549**	**(158,119)**	**-**	**16,093,167**
Depreciable Capital Assets					
Buildings	87,765,969	-	-	-	87,765,969
Building Alterations	2,582,967	79,627	158,119	-	2,820,713
Improvements other than Buildings and Infrastructure	2,086,925	-	-	-	2,086,925
Furniture and Equipment greater than $25,000	8,379,333	1,711,811	-	90,458	10,181,602
Furniture and Equipment $25,000 or less	6,594,391	828,402	(26,036)	54	7,396,811
Library Materials	3,224,650	-	(18,832)	-	3,205,818
Right-to-Use Assets - Buildings and Equipment	263,982	45,678	-	-	309,660
Right-to-Use Assets - Software Subscriptions	249,081	-	-	-	249,081
Total Other Capital Assets	**111,147,298**	**2,665,518**	**113,251**	**90,512**	**114,016,579**
Less Accumulated Depreciation/ Amortization					
Buildings	38,959,489	1,568,497	-	-	40,527,986
Building Alterations	448,765	112,828	-	-	561,593
Improvements other than Buildings and Infrastructure	510,556	71,348	-	-	581,904
Furniture and Equipment greater than $25,000	4,701,531	830,801	-	9,046	5,541,378
Furniture and Equipment $25,000 or less	5,232,410	651,101	(26,036)	-	5,857,475
Library Materials	3,134,567	19,857	(18,832)	-	3,135,592
Right-to-Use Assets - Buildings and Equipment	116,868	66,179	-	-	183,047
Right-to-Use Assets - Software Subscriptions	83,027	83,027	-	-	166,054
Total Accumulated Depreciation/ Amortization	**53,187,213**	**3,403,638**	**(44,868)**	**9,046**	**56,555,029**
Total Capital Assets, Net	**$ 68,211,822**	**$ 5,261,429**	**$ -**	**$ 81,466**	**$ 73,554,717**

Note 5. Defined Benefit Pension Plan

General Information about the Pension Plan

Plan Description

The TRS, a cost-sharing multiple-employer public employee retirement plan, was established as of September 15, 1939, pursuant to the *Code of Alabama 1975*, *Title 16, Chapter 25* (Act 419 of the Legislature of 1939) for the purpose of providing retirement allowances and other specified benefits for qualified persons employed by State-supported educational institutions. The responsibility for the general administration and operation of the TRS is vested in its Board of Control which consists of 15 trustees. The plan is administered by the Retirement Systems of Alabama (RSA). The *Code of Alabama 1975*, *Title 16, Chapter 25* grants the authority to establish and amend the benefit terms to the TRS Board of Control. The Plan issues a publicly available financial report that can be obtained at www.rsa-al.gov.

Benefits Provided

State law establishes retirement benefits as well as death and disability benefits and any ad hoc increase in postretirement benefits for the TRS. Benefits for TRS members vest after 10 years of creditable service. TRS members who retire after age 60 with 10 years or more of creditable service or with 25 years of service (regardless of age) are entitled to an annual retirement benefit, payable monthly for life. Service and disability retirement benefits are based on a guaranteed minimum or a formula method, with the member receiving payment under the method that yields the highest monthly benefit. Under the formula method, members of the TRS are allowed 2.0125% of their average final compensation (highest 3 of the last 10 years) for each year of service.

Act 377 of the Legislature of 2012 established a new tier of benefits (Tier 2) for members hired on or after January 1, 2013. Tier 2 TRS members are eligible for retirement after age 62 with 10 years or more of creditable service and are entitled to an annual retirement benefit, payable monthly for life. Service and disability retirement benefits are based on a formula method. Under the formula method, Tier 2 members of the TRS are allowed 1.65% of their average final compensation (highest 5 of the last 10 years) for each year of service up to 80% of their average final compensation.

Act 316 of the Legislature of 2019 established the Partial Lump Sum Option Plan (PLOP) in addition to the annual service retirement benefit payable for life for Tier 1 and Tier 2 members of the TRS. A member can elect to receive a one-time lump sum distribution at the time that they receive their first monthly retirement benefit payment. The member's annual retirement benefit is then actuarially reduced based on the amount of the PLOP distribution which is not to exceed the sum of 24 months of the maximum monthly retirement benefit that the member could receive. Members are eligible to receive a PLOP distribution if they are eligible for a service retirement benefit as defined above from the TRS on or after October 1, 2019. A TRS member who receives an annual disability retirement benefit or who has participated in the Deferred Retirement Option Plan (DROP) is not eligible to receive a PLOP distribution.

Members are eligible for disability retirement if they have 10 years of credible service, are currently in-service, and determined by the RSA Medical Board to be permanently incapacitated from further performance of duty. Preretirement death benefits equal to the annual earnable compensation of the member as reported to the Plan for the preceding year ending June 30 are paid to a qualified beneficiary.

Contributions

Covered Tier 1 members of the TRS contributed 5% of earnable compensation to the TRS as required by statute until September 30, 2011. From October 1, 2011, to September 30, 2012, covered members of the TRS were required by statute to contribute 7.25% of earnable compensation. Effective October 1, 2012, covered members of the TRS are required by statute to contribute 7.50% of earnable compensation. Certified law enforcement, correctional officers, and firefighters of the TRS contributed 6% of earnable compensation as required by statute until September 30, 2011. From October 1, 2011, to September 30, 2012, certified law enforcement, correctional officers, and firefighters of the TRS were required by statute to contribute 8.25% of earnable compensation. Effective October 1, 2012, certified law enforcement, correctional officers, and firefighters of the TRS are required by statute to contribute 8.50% of earnable compensation.

Effective October 1, 2021, the covered Tier 2 members contribution rate increased from 6.0% to 6.2% of earnable compensation to the TRS as required by statute. Effective October 1, 2021, the covered Tier 2 certified law enforcement, correctional officers, and firefighters contribution rate increased from 7.0% to 7.2% of earnable compensation to the TRS as required by statute. These Tier 2 member contribution rate increases were a result of Act 537 of the Legislature of 2021 which allows sick leave conversion for Tier 2 members.

Participating employers' contractually required contribution rate for the fiscal year ended September 30, 2023 was 12.59% of annual pay for Tier 1 members and 11.57% of annual pay for Tier 2 members. These required contribution rates are a percent of annual payroll, actuarially determined as an amount that, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, with an additional amount to finance any unfunded accrued liability. Total employer contributions to the pension plan from the College were $3,363,692 for the year ended September 30, 2024.

Pension Liabilities, Pension Expense, and Deferred Outflows and Inflows of Resources Related to Pensions

At September 30, 2024, the College reported a liability of $50,588,000 for its proportionate share of the collective net pension liability. The collective net pension liability was measured as of September 30, 2023, and the total pension liability used to calculate the collective net pension liability was determined by an actuarial valuation as of September 30, 2022. The College's proportion of the collective net pension liability was based on the employers' shares of contributions to the pension plan relative to the total employer contributions of all participating TRS employers. At September 30, 2023, the College's proportion was 0.317011%, which was an increase of 0.000701% from its proportion measured as of September 30, 2022.

For the year ended September 30, 2024, the College recognized pension expense of $7,665,082. At September 30, 2024, the College reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Source	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between Expected and Actual Experience	$ 4,523,000	$ 683,000
Changes of Assumptions	1,423,000	-
Net Difference between Projected and Actual Earnings on Pension Plan Investments	3,469,000	-
Changes in Proportion and Differences between Employer Contributions and Proportionate Share of Contributions	465,000	1,640,000
Employer Contributions Subsequent to the Measurement Date	3,363,692	-
Total	**$ 13,243,692**	**$ 2,323,000**

$3,363,692 reported as deferred outflows of resources related to pensions resulting from College contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending September 30, 2025.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending September 30	Amount
2025	$ (2,627,000)
2026	(1,436,000)
2027	(3,583,000)
2028	(89,000)
2029	-
Thereafter	-

Actuarial Assumptions

The total pension liability as of September 30, 2023 was determined by an actuarial valuation as of September 30, 2022, using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50%
Projected Salary Increases	3.25 - 5.00%
Investment Rate of Return *	7.45%

* Net of pension plan investment expense, including inflation

The actuarial assumptions used in the actuarial valuation as of September 30, 2022, were based on the results of an investigation of the economic and demographic experience for the TRS based upon participant data as of September 30, 2020. The Board of Control accepted and approved these changes in September 2021 which became effective at the beginning of fiscal year 2021.

Mortality Rate

Mortality rates were based on the Pub-2010 Teacher tables with the following adjustments, projected generationally using scale MP-2020 adjusted by 66-2/3% beginning with year 2019:

Group	Membership Table	Set Forward (+) / Set Back (-)	Adjustment to Rates
Service Retirees	Teacher Retiree – Below Median	Male: +2, Female: +2	Male: 108% ages < 63, 96% ages > 67; Phasing down 63-67 Female: 112% ages < 69 98% > age 74 Phasing down 69-74
Beneficiaries	Contingent Survivor Below Median	Male: +2, Female: None	None
Disabled Retirees	Teacher Disability	Male: +8, Female: +3	None

Long-Term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimates of geometric real rates of return for each major asset class are as follows:

Asset Class	Target Allocation	Long-Term Expected Rate of Return*
Fixed Income	15.00%	2.80%
U.S. Large Stocks	32.00%	8.00%
U.S. Mid Stocks	9.00%	10.00%
U.S. Small Stocks	4.00%	11.00%
Int'l Developed Mkt Stocks	12.00%	9.50%
Int'l Emerging Mkt Stocks	3.00%	11.00%
Alternatives	10.00%	9.00%
Real Estate	10.00%	6.50%
Cash Equivalents	5.00%	2.50%
Total	**100.00%**	

* Includes assumed rate of inflation of 2.00%.

Discount Rate

The discount rate used to measure the total pension liability was 7.45%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that the employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, components of the pension plan's fiduciary net position were projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the College's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following table presents the College's proportionate share of the net pension liability calculated using the discount rate of 7.45%, as well as what the College's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.45%) or 1-percentage point higher (8.45%) than the current rate:

	1% Decrease (6.45%)	Current Discount Rate (7.45%)	1% Increase (8.45%)
College 's Proportionate Share of the Collective Net Pension Liability	$ 66,087,000	$ 50,588,000	$ 37,552,000

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued RSA Annual Comprehensive Financial Report for the fiscal year ended September 30, 2023. The supporting actuarial information is included in the GASB Statement No. 67 Report for the TRS prepared as of September 30, 2023. The auditor's report on the Schedule of Employer Allocations and Pension Amounts by Employer and accompanying notes detail by employer and in aggregate information needed to comply with GASB 68. The additional financial and actuarial information is available at http://www.rsa-al.gov/index.php/employers/financial-reports/gasb-68-reports/.

Note 6. Other Postemployment Benefits (OPEB)

General Information about the OPEB Plan

Plan Description

The Alabama Retired Education Employees' Health Care Trust (Self-Trust) is a cost-sharing multiple-employer defined benefit postemployment healthcare plan that administers healthcare benefits to the retirees of participating state and local educational institutions. The Trust was established under the Alabama Retiree Health Care Funding Act of 2007 which authorized and directed the Public Education Employees' Health Insurance Board (Board) to create an irrevocable trust to fund postemployment healthcare benefits to retirees participating in the Public Education Employees' Health Insurance Plan (PEEHIP). Active and retiree health insurance benefits are paid through PEEHIP. In accordance with GASB, the Trust is considered a component unit of the State of Alabama (State) and is included in the State's Annual Comprehensive Financial Report.

The PEEHIP was established in 1983 pursuant to the provisions of the *Code of Alabama 1975*, *Title 16, Chapter 25A* (Act 83-455) to provide a uniform plan of health insurance for active and retired employees of state and local educational institutions which provide instruction at any combination of grades K-14 (collectively, eligible employees), and to provide a method for funding the benefits related to the plan. The four-year universities participate in the plan with respect to their retired employees and are eligible and may elect to participate in the plan with respect to their active employees. Responsibility for the establishment of the health insurance plan and its general administration and operations is vested in the Board. The Board is a corporate body for purposes of management of the health insurance plan. The *Code of Alabama 1975*, *Section 16-25A-4* provides the Board with the authority to amend the benefit provisions in order to provide reasonable assurance of stability in future years for the plan. All assets of the Alabama Retired Education Employees' Health Care Trust are held in trust for the payment of health insurance benefits. The TRS has been appointed as the administrator of the PEEHIP and, consequently, serves as the administrator of the Trust.

Benefits Provided

PEEHIP offers a basic hospital medical plan to active members and non-Medicare eligible retirees. Benefits include inpatient hospitalization for a maximum of 365 days without a dollar limit, inpatient rehabilitation, outpatient care, physician services, and prescription drugs.

Active employees and non-Medicare eligible retirees who do not have Medicare eligible dependents can enroll in a health maintenance organization (HMO) in lieu of the basic hospital medical plan. The HMO includes hospital medical benefits, dental benefits, vision benefits, and an extensive formulary. However, participants in the HMO are required to receive care from a participating physician in the HMO plan.

The PEEHIP offers four optional plans (Hospital Indemnity, Cancer, Dental, and Vision) that may be selected in addition to or in lieu of the basic hospital medical plan or HMO. The Hospital Indemnity Plan provides a per-day benefit for hospital confinement, maternity, intensive care, cancer, and convalescent care. The Cancer Plan covers cancer disease only and benefits are provided regardless of other insurance. Coverage includes a per-day benefit for each hospital confinement related to cancer. The Dental Plan covers diagnostic and preventative services, as well as basic and major dental services. Diagnostic and preventative services include oral examinations, teeth cleaning, x-rays, and emergency office visits. Basic and major services include fillings, general aesthetics, oral surgery not covered under a Group Medical Program, periodontics, endodontics, dentures, bridgework, and crowns. Dental services are subject to a maximum of $1,250 per year for individual coverage and $1,000 per person per year for family coverage. The Vision Plan covers annual eye examinations, eyeglasses, and contact lens prescriptions.

PEEHIP members may opt to elect the PEEHIP Supplemental Plan as their hospital medical coverage in lieu of the PEEHIP Hospital Medical Plan. The PEEHIP Supplemental Plan provides secondary benefits to the member's primary plan provided by another employer. Only active and non-Medicare retired members and covered dependents are eligible to enroll in the PEEHIP Supplemental Medical Plan. There is no premium required for this plan, and the plan covers most out-of-pocket expenses not covered by the primary plan. Members who are enrolled in the PEEHIP Hospital Medical Plan, VIVA Health Plan (offered through the Public Education Employees' Health Insurance Fund (PEEHIF), Marketplace (Exchange) Plans, Alabama State Employees Insurance Board, Local Government Health Insurance Board, Medicaid, ALL Kids, Tricare, or Champus, as their primary coverage, or are enrolled in a Health Savings Account (HSA) or Health Reimbursement Arrangement (HRA), are not eligible to enroll in the PEEHIP Supplemental Plan. The plan cannot be used as a supplement to Medicare. Retired members who become eligible for Medicare are eligible to enroll in the PEEHIP Group Medicare Advantage (PPO) Plan or the Optional Coverage Plans.

Effective January 1, 2023, United Health Care (UHC) Group replaced the Humana contract for Medicare eligible retirees and Medicare eligible dependents of retirees. The Medicare Advantage Prescription Drug Plan (MAPDP) is fully insured by UHC, and members are able to have all of their Medicare Part A, Part B, and Part D (prescription drug coverage) in one convenient plan. With the UHC plan for PEEHIP, retirees can continue to see their same providers with no interruption and see any doctor who accepts Medicare on a national basis. Retirees have the same benefits in and out-of-network and there is no additional retiree cost share if a retiree uses an out-of-network provider and no balance billing from the provider.

Contributions

The *Code of Alabama 1975*, *Section 16-25A-8* and the *Code of Alabama 1975*, *Section, 16-25A-8.1* provide the Board with the authority to set the contribution requirements for plan members and the authority to set the employer contribution requirements for each required class, respectively. Additionally, the Board is required to certify to the Governor and the Legislature, the amount, as a monthly premium per active employee, necessary to fund the coverage of active and retired member benefits for the following fiscal year. The Legislature then sets the premium rate in the annual appropriation bill.

For employees who retired after September 30, 2005, but before January 1, 2012, the employer contribution of the health insurance premium set forth by the Board for each retiree class is reduced by 2% for each year of service less than 25 and increased by 2% percent for each year of service over 25 subject to adjustment by the Board for changes in Medicare premium costs required to be paid by a retiree. In no case does the employer contribution of the health insurance premium exceed 100% of the total health insurance premium cost for the retiree.

For employees who retired after December 31, 2011, the employer contribution to the health insurance premium set forth by the Board for each retiree class is reduced by 4% for each year of service less than 25 and increased by 2% for each year over 25, subject to adjustment by the Board for changes in Medicare premium costs required to be paid by a retiree. In no case does the employer contribution of the health insurance premium exceed 100% of the total health insurance premium cost for the retiree. For employees who retired after December 31, 2011, who are not covered by Medicare, regardless of years of service, the employer contribution to the health insurance premium set forth by the Board for each retiree class is reduced by a percentage equal to 1% multiplied by the difference between the Medicare entitlement age and the age of the employee at the time of retirement as determined by the Board. This reduction in the employer contribution ceases upon notification to the Board of the attainment of Medicare coverage.

OPEB Liabilities, OPEB Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At September 30, 2024, the College reported a liability of $4,567,968 for its proportionate share of the collective Net OPEB liability. The collective Net OPEB liability was measured as of September 30, 2023, and the total OPEB liability used to calculate the Net OPEB liability was determined by an actuarial valuation as of September 30, 2022. The College's proportion of the collective Net OPEB liability was based on the College's share of contributions to the OPEB plan relative to the total employer contributions of all participating PEEHIP employers. At September 30, 2023, the College's proportion was 0.237650% which was a decrease of 0.026880% from its proportion measured as of September 30, 2022.

For the year ending September 30, 2024 , the College recognized OPEB expense of ($2,470,886) with no special funding situations. At September 30, 2024 , the College reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

Source	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between Expected and Actual Experience	$ 89,319	$ 7,208,118
Changes of Assumptions	3,848,356	4,518,954
Net Difference between Projected and Actual Earnings on OPEB Plan Investments	156,033	-
Changes in Proportion and Differences between Employer Contributions and Proportionate Share of Contributions	814,268	2,272,805
Employer Contributions Subsequent to the Measurement Date	328,710	-
Total	**$ 5,236,686**	**$ 13,999,877**

The $328,710 reported as deferred outflows of resources related to OPEB resulting from the College's contributions subsequent to the measurement date will be recognized as a reduction of the Net OPEB liability in the year ending September 30, 2025.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ending September 30	Amount
2025	$ (2,938,289)
2026	(1,587,653)
2027	(1,466,305)
2028	(1,866,796)
2029	(1,182,222)
Thereafter	(50,636)

Actuarial Assumptions

The Total OPEB Liability as of September 30, 2022, was determined based on an actuarial valuation prepared as of September 30, 2021, using the following actuarial assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of September 30, 2022:

Inflation	2.50%
Salary Increases	3.25 - 5.00%, including 2.75% wage inflation
Long-term Investment Rate of Return	7.00% compounded annually, net of investment expense, and including inflation
Municipal Bond Index Rate at the Measurement Date	4.53%
Municipal Bond Index Rate at the Prior Measurement Date	4.40%
Year Fiduciary Net Position (FNP) is Projected to be Depleted	N/A
Single Equivalent Interest Rate at Measurement Date	7.00%
Single Equivalent Interest Rate at Prior Measurement Date	7.00%
Healthcare Cost Trend Rates:	
Initial Trend Rate	
Pre-Medicare Eligible	7.00%
Medicare Eligible	**
Ultimate Trend Rate	
Pre-Medicare Eligible	4.50% in 2033 FYE
Medicare Eligible	4.50% in 2033 FYE

** Initial Medicare claims are set based on scheduled increases through plan year 2025.

Mortality Rate

The rates of mortality are based on the Pub-2010 Public Mortality Plans Mortality Tables, adjusted generationally based on scale MP-2020, with an adjustment of 66-2/3% to the table beginning in year 2019. The mortality rates are adjusted forward and/or back depending on the plan and group covered, as shown in the table below.

Group	Membership Table	Set Forward (+) / Set Back (-)	Adjustment to Rates
Active Members	Teacher Employee Below Median	None	65%
Service Retirees	Teacher Below Median	Male: +2, Female: +2	Male: 108% ages < 63, 96% ages > 67; Phasing down 63 - 67 Female: 112% ages < 69, 98% ages > 74; Phasing down 69 - 74
Disabled Retirees	Teacher Disability	Male: +8, Female: +3	None
Beneficiaries	Teacher Contingent Survivor Below Median	Male: +2, Female: None	None

The decremental assumptions used in the valuation were selected based on the actuarial experience study prepared as of September 30, 2020, submitted to and adopted by the Teachers' Retirement System of Alabama Board on September 13, 2021.

The remaining actuarial assumptions (e.g., initial per capita costs, health care cost trends, rate of plan participation, rates of plan election, etc.) were based on the September 30, 2022 valuation.

Long-Term Expected Rate of Return

The long-term expected return on plan assets is to be reviewed as part of regular experience studies prepared every five years, in conjunction with similar analysis for the Alabama Teachers' Retirement System. Several factors should be considered in evaluating the long-term rate of return assumption, including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation), as developed for each major asset class. These ranges should be combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The assumption is intended to be a long-term assumption and is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years.

The long-term expected rate of return on the OPEB plan investments is determined based on the allocation of assets by asset class and by the mean and variance of real returns.

The target asset allocation and best estimates of expected geometric real rates of return for each major asset class is summarized below:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return*
Fixed Income	30.00%	4.40%
U.S. Large Stocks	38.00%	8.00%
U.S. Mid Stocks	8.00%	10.00%
U.S. Small Stocks	4.00%	11.00%
International Developed Market Stocks	15.00%	9.50%
Cash	5.00%	1.50%
Total	**100.00%**	

* Geometric mean, includes 2.50% inflation.

Discount Rate

The discount rate (also known as the Single Equivalent Interest Rate (SEIR), as described by GASB 74) used to measure the total OPEB liability was 7.00%. Premiums paid to the Public Education Employees' Health Insurance Board for active employees shall include an amount to partially fund the cost of coverage for retired employees. The projection of cash flows used to determine the discount rate assumed that plan contributions will be made at the current contribution rates. Each year, the State specifies the monthly employer rate that participating school systems must contribute for each active employee. Currently, the monthly employer rate is $800 per non-university active member. Approximately, 11.051% of the employer contributions were used to assist in funding retiree benefit payments in 2023 and it is assumed that the 11.051% will increase or decrease at the same rate as expected benefit payments for the closed group with a cap of 20.00%. It is assumed the $800 rate will remain flat until, based on budget projections, it increases to $940 in fiscal year 2027 and then will increase with inflation at 2.50% starting in 2028. Retiree benefit payments for university members are paid by the Universities and are not included in the cash flow projections. The discount rate determination will use a municipal bond rate to the extent the Trust is projected to run out of money before all benefits are paid. Therefore, the projected future benefit payments for all current plan members are projected through 2121.

Sensitivity of the College's Proportionate Share of the Net OPEB Liability to Changes in the Healthcare Cost Trend Rates

The following table presents the College's proportionate share of the Net OPEB liability of the Trust calculated using the current healthcare trend rate, as well as what the Net OPEB liability would be if calculated using one-percentage point lower or one-percentage point higher than the current rate:

	1% Decrease (6.00% decreasing to 3.50% for pre-Medicare, Known decreasing to 3.50% for Medicare eligible)	Current Healthcare Trend Rate (7.00% decreasing to 4.50% for pre-Medicare, Known decreasing to 4.50% for Medicare eligible)	1% Increase (8.00% decreasing to 5.50% for pre-Medicare, Known decreasing to 5.50% for Medicare eligible)
Net OPEB Liability	$ 3,462,471	$ 4,567,968	$ 5,910,265

The following table presents the College's proportionate share of the Net OPEB liability of the Trust calculated using the discount rate of 7.00%, as well as what the Net OPEB liability would be if calculated using one-percentage point lower or one-percentage point higher than the current rate:

	1% Decrease (6.00%)	Current Rate (7.00%)	1% Increase (8.00%)
Net OPEB Liability	$ 5,639,147	$ 4,567,968	$ 3,656,255

Target OPEB Plan Fiduciary Net Position

Detailed information about the OPEB plan's Fiduciary Net Position is in the Trust's financial statements for the fiscal year ended September 30, 2023. The supporting actuarial information is included in the GASB Statement No. 74 Report for PEEHIP prepared as of September 30, 2023. Additional financial and actuarial information is available at www.rsa-al.gov.

Note 7. Lessor Arrangements

On July 12, 2021, the College entered into a 360-month lease as lessor for the use of a radio tower. An initial lease receivable was recorded in the amount of $475,398. The lessee is required to make a one-time payment of $174,100 and yearly fixed payments of $1 for the first 5 years. The payments increase to $1,200 monthly in year 6 with a 2% annual increase starting in year 7. The lease has an interest rate of 2.4100%. The lessee has 4 extension options, each for 60 months.

On August 1, 2024, the College entered into a 36-month lease as lessor for the use of Carson Hall, Ruby Carson Hall, and the Fitzgerald Student Center located at 2601 Carson Road, Birmingham, Alabama. An initial receivable was recorded in the amount of $470,124. The lessee is required to make an annual fixed payment of $100,000. The lease has an interest rate of 3.179%. The lessee has an extension option of 24 additional months.

As of September 30, 2024, the total combined value of the lease receivable is $612,934 and is included in other noncurrent assets. The total combined value of the deferred inflow of resources as of September 30, 2024, was $882,308, and the College recognized lease revenue of $31,333 during the fiscal year.

Note 8. Significant Commitments

As of September 30, 2024, the College had been awarded approximately $6,791,148 in contracts and grants on which performance had not been accomplished and funds had not been received. These awards, which represent commitments of sponsors to provide funds for specific purposes, have not been reflected in the financial statements.

Note 9. Accounts Payable and Accrued Liabilities

Accounts payable and accrued liabilities represent amounts due at September 30, 2024, for goods and services received prior to the end of the fiscal year.

Description	Amount
Salaries and Wages	$ 1,147,863
Benefits	203,366
Payroll Withholding	1,644,912
Interest Payable	205,952
Supplies	3,869,021
Total	**$ 7,071,114**

Note 10. Long-Term Liabilities

Long-term liabilities activity for the year ended September 30, 2024, was as follows:

Description	Beginning Balance	Additions	Reductions	Ending Balance	Current Portion
Bonds Payable					
2014 Series Direct Placement	$ 3,149,000	$ -	$ 1,554,000	$ 1,595,000	$ 1,595,000

The Revenue Bonds issued in October 2014 provided for the refunding of Series 2005 and Series 1998 Bonds.

The Revenue Bonds issued in October 2016 provided for the refunding of Series 2007 Bonds.

A trustee holds sinking fund deposits, including earnings on investments of these deposits. Revenue from student tuition and fees sufficient to pay the annual debt service are pledged to secure the bonds.

Bond Debt

Principal and interest maturity requirements on bond debt are as follows:

	2014 Direct Placement		2016 Revenue Bonds		
Fiscal Year(s)	**Principal**	**Interest**	**Principal**	**Interest**	**Total**
2025	$ 1,595,000	$ 20,416	$ 825,000	$ 339,225	$ 2,779,641
2026	-	-	855,000	311,175	1,166,175
2027	-	-	885,000	282,475	1,167,475
2028	-	-	920,000	243,600	1,163,600
2029	-	-	5,230,000	591,700	5,821,700
2030-2034	-	-	-	-	-
2035-2039	-	-	-	-	-
2040-2044	-	-	-	-	-
2045-2049	-	-	-	-	-
2050-2054	-	-	-	-	-
Total	**$ 1,595,000**	**$ 20,416**	**$ 8,715,000**	**$ 1,768,175**	**$ 12,098,591**

Gain on Bond Refunding

The College has a gain on refunding in connection with the issuance of its Series 2014 Revenue Bonds. This gain is shown as a deferred inflow and is being amortized using the effective interest method over the life of the bonds.

Description	Gain on Refunding
Total Gain on Refunding	$ 523,475
Amount Amortized Prior Years	(511,515)
Current Amount Amortized	(11,960)

Bond Premiums

The college has bond premiums in connection with the issuance of its 2016 Series Tuition Revenue Bonds. The bond premiums are being amortized using the effective interest method over the life of the bonds.

Description	Premium
Total Premium	$ 1,512,317
Amount Amortized Prior Years	(952,082)
Current Amount Amortized	(102,074)
Total	**$ 458,161**

Pledged Revenues

The College has pledged tuition, facility renewal fee and special building fee revenues for the payment of debt service on the Series 2014 and the Series 2016 Revenue Bonds. The approximate amount of the pledge is $12,098,591. The 2016 Bond debt was issued for paying off the 2007 Bond. The 2014 Bond debt was issued for paying off the 2005 and 1998 Bonds. The pledged revenue will not be available for other purposes until October 1, 2032. The principal and interest payments made during fiscal year 2024 were $2,784,048. Therefore, of the $23,840,917 in tuition, facility fee, and building fee revenue recognized by the College during fiscal year 2024, 12% of total tuition and fees revenue pledged was needed for debt service on the Series 2014 and 2016 Bonds.

The College’s outstanding series 2014 bonds from direct placement related to governmental activities of $1,595,000 contain a provision that in an event of default, the bondholder shall have the right by mandamus or other lawful remedy in any court of competent jurisdiction to enforce his or their rights against the issuer to fix and collect the pledged revenues, in amounts sufficient to meet the provisions of the bond resolution and carry out any other covenants contained in the resolution and to perform its duties under the resolution and Section 16-3-28, Code of Alabama 1975, as amended.

Lease Liability

The College leases office equipment from external parties for various terms under long-term non-cancelable lease agreements. The leases expire at various dates through 2026. In accordance with GASB Statement No. 87, the College records right-to-use assets and lease liabilities based on the present value of expected payments over the lease term of the respective leases. The expected payments are discounted using the interest rate charged on the lease, if available, or are otherwise discounted using the College's incremental borrowing rate. The interest rates range from 1.04% to 2.98%.

Future minimum payments under the lease agreements and the present value of the minimum payments as of September 30, 2024, are as follows:

Fiscal Year(s)	Principal	Interest	Total
2025	$ 62,346	$ 1,926	$ 64,272
2026	38,596	1,103	39,699
2027	12,820	604	13,424
2028	10,151	284	10,435
2029	4,742	38	4,780
2030-2034	-	-	-
2035-2039	-	-	-
2040-2044	-	-	-
2045-2049	-	-	-
2050-2054	-	-	-
Total	**$ 128,655**	**$ 3,955**	**$ 132,610**

Subscriptions Payable

The College has subscription-based technology arrangements which expire in 2025. In accordance with GASB Statement No. 96, the College records a right-to-use asset and subscriptions payable based on the present value of expected payments over the subscription. The expected payments are discounted using the interest rate charged on the subscription which is 3.3780%.

Future minimum payments under the subscription agreements and the present value of the minimum payments as of September 30, 2024, are as follows:

Fiscal Year(s)	Principal	Interest	Total
2025	$ 82,996	$ 2,804	$ 85,800
2026	-	-	-
2027	-	-	-
2028	-	-	-
2029	-	-	-
2030-2034	-	-	-
2035-2039	-	-	-
2040-2044	-	-	-
2045-2049	-	-	-
2050-2054	-	-	-
Total	**$ 82,996**	**$ 2,804**	**$ 85,800**

Note 11. Risk Management and Contingencies

The College is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The College has insurance for its buildings and contents through the State Insurance Fund (SIF), part of the State of Alabama, Department of Finance; Division of Risk Management which operates as a common risk management and insurance program for state-owned properties. The College pays an annual premium based on the amount of coverage requested. The SIF provides coverage up to $2 million per occurrence and is self-insured up to a maximum of $6 million in aggregate claims. The SIF purchases commercial insurance for claims which in the aggregate exceed $6 million. The College purchases commercial insurance for its automobile coverage, general liability and professional legal liability coverage. In addition, the College has fidelity bonds on the College's President, Vice-President, Director of Accounting and Finance and Financial Aid Director as well as other College personnel who handle funds.

Employee health insurance is provided through the Public Education Employees' Health Insurance Fund (PEEHIF) administered by the PEEHIB. The Fund was established to provide a uniform plan of health insurance for current and retired employees of state educational institutions and is self-sustaining. Monthly premiums for employee and dependent coverage are determined annually by the plan's actuary and based on anticipated claims in the upcoming year, considering any remaining fund balance on hand available for claims. The College contributes a specified amount monthly to the PEEHIF for each employee and this amount is applied against the employee's premiums for the coverage selected and the employee pays any remaining premium.

Settled claims resulting from these risks have not exceeded the College's coverage in any of the past three fiscal years.

Claims which occur as a result of employee job-related injuries may be brought before the State of Alabama Board of Adjustment. The Board of Adjustment serves as an arbitrator and its decision is binding. If the Board of Adjustment determines that a claim is valid, it decides the proper amount of compensation (subject to statutory limitations) and the funds are paid by the College.

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies, principally the federal and state government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. This amount, if any, of expenditures that may be disallowed by the grantor cannot be determined at this time, although the College expects such amounts, if any, to be immaterial.

Note 12. Component Unit

Fair Value Measurement

The Foundation follows the provisions of the FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, for fair value measurement of financial assets and liabilities. These provisions define fair value, establish a framework for measuring fair value and expand disclosure about fair value measurement. These provisions also emphasize that fair value is a market-based measurement, not an entity-specific measurement, and sets out a fair value hierarchy with the highest priority being quoted prices in active markets. Under the provisions of the FASB ASC 820, fair value measurements are disclosed by level within that hierarchy.

For each asset and liability required to be reported at fair value, management has identified the unit of account and valuation premise to be applied for purposes of measuring fair value. The unit of account is the level at which an asset or liability is aggregated or disaggregated for purposes of applying these provisions. The valuation premise is a concept that determines whether an asset is measured on a stand-alone basis or in combination with other assets. For purposes of applying these provisions, the Foundation measures its assets and liabilities on a stand-alone basis then aggregates assets and liabilities with similar characteristics for disclosure purposes.

The provisions of the FASB ASC 820 establish a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the observable inputs be used when available. Observable inputs are inputs that market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the Foundation. Unobservable inputs are inputs that reflect the Foundation's assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The hierarchy is broken down into three levels based on the reliability of inputs as follows:

Level 1 – Investments whose values are based on quoted prices (unadjusted) for identical assets in active markets that a government can access at the measurement date.

Level 2 – Investments with inputs – other than quoted prices included within Level 1 – that are observable for an asset either directly or indirectly.

Level 3 – Investments classified as Level 3 have unobservable inputs for an asset and may require a degree of professional judgement.

All of the Foundation's investments at September 30, 2024 were classified as Level 1.

Income Tax Status

The Foundation follows the provisions of FASB ASC guidance relating to uncertainty in income taxes. This guidance requires entities to assess their uncertain tax positions for the likelihood that they would be overturned upon Internal Revenue Service (IRS) examination or upon examination by state taxing authorities. In accordance with this guidance, the Foundation has determined that there are no positions at September 30, 2024, which it would be unable to substantiate. The Foundation files an annual Form 990 with the IRS and its tax returns for previous open tax years may be subject to examination by taxing authorities.

Note 13. Effect of New Pronouncements

In June 2022, GASB issued Statement No. 100, *Accounting Changes and Error Corrections* – an amendment of GASB Statement No. 62, effective for reporting periods beginning after June 15, 2023. Statement No. 100 defines accounting changes and prescribes the accounting and financial reporting for each type of accounting change and error corrections. The adoption of this statement by the College had no impact on the previously reported beginning net position at September 30, 2023.

Notes to Schedule:

Note 1: Per GASB 82, which amends GASB 68, covered payroll is defined as the payroll on which contributions to a pension plan are based,also known as pensionable payroll. The covered payroll for this RSI Schedule (GASB 68 paragraph 81b) is for the most recent fiscal year end, which for the September 30, 2024 year is October 1, 2023 through September 30, 2024.

Note 2: The amount of contractually required contributions is equal to the amount that would be recognized as additions from the employer's contirbutions in the pension plan's schedule of changes in fiduciary net position during the period that coincides with the employer's fiscal year. For participants in TRS, this includes amounts paid for Accrued Liability, Normal Cost, Term Life Insurance, Pre-Retirement Death Benefit and Administrative Expenses.

Notes to Required Supplementary Information for Pension Benefits

Note 1. Changes of Benefit Terms

In 2022, the plan was amended to allow Tier II members to retire with 30 years of creditable service regardless of age with an early retirement reduction of 2% for each year that the member is less than age 62 at retirement (age 56 for police officers, firefighters, and correctional officers).

In 2022, the plan was amended to allow surviving spouses of retirement-eligible members who die in active service to receive an Option 2 monthly allowance.

In 2021 the plan was amended to allow sick leave conversion for Tier II members and to increase the member contribution rates for Tier II members to 6.20% for regular members and 7.20% for police officers, firefighters, and correctional officers effective on October 1, 2021.

The member contribution rates were increased from 5.00% (6.00% for certified law enforcement, correctional officers, and firefighters) of earnable compensation to 7.25% (8.25%) of earnable compensation effective October 1, 2011, and to 7.50% (8.50%) of earnable compensation effective October 1, 2012. Members hired on or after January 1, 2013, are covered under a new benefit structure.

Note 2. Changes of Assumptions

In 2021, rates of withdrawal, retirement, disability and mortality were adjusted to more closely reflect actual experience. In 2021, economic assumptions and the assumed rates of salary increase were adjusted to more closely reflect actual and anticipated experience, including a change in the discount rate from 7.70% to 7.45%. In 2021 and later, the expectation of retired life mortality was changed to the Pub-2010 Teacher Retiree Below Median Tables projected generationally with 66-2/3% of the MP-2020 scale beginning in 2019.

In 2018, the discount rate was changed from 7.75% to 7.70%.

In 2016, rates of withdrawal, retirement, disability and mortality were adjusted to more closely reflect actual experience. In 2016, economic assumptions and the assumed rates of salary increase were adjusted to more closely reflect actual and anticipated experience. In 2016 and later, the expectation of retired life mortality was changed to the RP-2000 White Collar Mortality Table projected to 2020 using scale BB and adjusted 115% for all ages for males and 112% for ages 78 and over for females.

Note 3. Method and Assumptions Used in Calculations of Actuarially Determined Contributions

The actuarially determined contribution rates in the schedule of employer contributions are calculated three years prior to the end of the fiscal year in which contributions are reported (September 30, 2020 for the fiscal year 2023 amounts). The following actuarial methods and assumptions were used to determine the most recent contribution rate reported in that schedule:

Actuarial Cost Method	Entry Age
Amortization Method	Level percentage of payroll, closed
Remaining Amortization Period	27.1 years
Asset Valuation Method	5-year smoothed market
Inflation	2.75 percent
Salary Increase	3.25 percent to 5.00 percent, including inflation
Investment Rate of Return	7.70 percent, net of pension plan investment expense, including inflation

Schedule of the College's Proportionate Share of the Collective Net Other Postemployment Benefits (OPEB) Liability (Unaudited)
Alabama Retired Employees' Health Care Trust
For the Year Ended September 30*

(Dollar Amounts in Thousands)	2024	2023	2022	2021	2020	2019	2018
College's Proportion of the Net OPEB Liability	0.237650%	0.264530%	0.253620%	0.251880%	0.280990%	0.270800%	0.260900%
College's Proportionate Share of the Net OPEB Liability	$ 4,568	$ 4,609	$ 13,104	$ 163,466	$ 10,601	$ 22,256	$ 19,378
College's Covered Payroll	$ 27,365	$ 25,215	$ 23,946	$ 22,825	$ 21,791	$ 20,971	$ 20,771
College's Proportionate Share of the Net OPEB Liability (Asset) as a Percentage of its Covered Payroll	16.69%	18.28%	54.72%	71.62%	48.65%	106.13%	93.29%
Plan Fiduciary Net Position as a Percentage of the Total OPEB Liability	49.42%	48.39%	27.11%	19.80%	28.14%	14.81%	15.37%

* This schedule is intended to show information for 10 years. Additional years will be displayed as they become available.

Note to Schedule:

Per GASB 75, covered payroll is defined as the payroll of employees that are provided with OPEB through the OPEB plan. The covered payroll for this Required Supplementary Information Schedule (GASB 75 paragraph 97) is for the most recent fiscal year end, which for the 9/30/2024 year is 10/1/2022 - 9/30/2023.

Schedule of the Contribution Other Postemployment Benefits (OPEB)
Alabama Retired Employees' Health Care Trust
For the Year Ended September 30*

(Dollar Amounts in Thousands)	2024	2023	2022	2021	2020	2019	2018
Contractually Required Contribution	$ 329	$ 3,714	$ 501	$ 437	$ 495	$ 800	$ 669
Contributions in Relation to the Contractually Required Contribution	$ 329	$ 371	$ 501	$ 437	$ 495	$ 800	$ 669
Contribution Deficiency (Excess)	$ -	$ -	$ -	$ -	$ -	$ -	$ -
College's Covered Payroll	$ 27,438	$ 27,365	$ 25,215	$ 23,946	$ 22,825	$ 21,791	$ 20,971
Contributions as a Percentage of Covered Payroll	1.20%	1.36%	1.99%	1.82%	2.17%	3.67%	3.19%

* This schedule is intended to show information for 10 years. Additional years will be displayed as they become available.

Notes to Required Supplementary Information

For OPEB

Note 1. Changes in Actuarial Assumptions

In 2022, rates of plan participation and tobacco usage assumptions were adjusted to reflect actual experience more closely.

In 2021, rates of withdrawal, retirement, disability, and mortality were adjusted to reflect actual experience more closely. In 2021, economic assumptions and the assumed rates of salary increases were adjusted to reflect actual and anticipated experience more closely.

In 2019, the anticipated rates of participation, spouse coverage, and tobacco use were adjusted to reflect actual experience more closely.

Note 2. Recent Plan Changes

The September 30, 2022 valuation reflects the impact of Act 2022-222.

Beginning in plan year 2021, the MAPD plan premium rates exclude the ACA Health Insurer Fee which was repealed on December 20, 2019.

Effective January 1, 2017, Medicare eligible medical and prescription drug benefits are provided through the MAPD plan.

The Health Plan is changed each year to reflect the ACA maximum annual out-of-pocket amounts.

Note 3. Method and Assumptions Used in Calculations of Actuarially Determined Contributions

The actuarially determined contribution rates in the Schedule of OPEB Contributions were calculated as of September 30, 2020, which is three years prior to the end of the fiscal year in which contributions are reported. The following actuarial methods and assumptions were used to determine the most recent contribution rate reported in that schedule:

Actuarial Cost Method	Entry Age Normal
Amortization Method	Level percent of pay
Remaining Amortization Period	21 years, closed
Asset Valuation Method	Market Value of Assets
Inflation	2.75%
Healthcare Cost Trend Rate:	
Pre-Medicare Eligible	6.50%
Medicare Eligible *	*
Ultimate Trend Rate:	
Pre-Medicare Eligible	4.75%
Medicare Eligible	4.75%
Year of Ultimate Trend Rate	2027 for Pre-Medicare Eligible 2024 for Medicare Eligible
Optional Plans Trend Rate	2.00%
Investment Rate of Return	5.00%, including inflation

* Initial Medicare claims are set based on scheduled increases through plan year 2022.

Total Federal Awards			**$ 27,102,196**

See accompanying notes to the schedule of expenditures of federal awards.

Notes to Schedule of Expenditures of Federal Awards

For the Year Ended September 30, 2004

Note 1. Basis of Presentation

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal grant activity of Jefferson State Community College (the College) and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200*, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (the Uniform Guidance)*.

Note 2. Indirect Cost Rate

The College did not elect to charge a de minimis rate of 10% for all federal awards.

Note 3. Federal Direct Student Loan Program

The College participates in the Federal Direct Student Loan Program (the Program), Federal Assistance Listing Number 84.268, which includes the Federal Subsidized Direct Loan and the Federal Unsubsidized Direct Loan programs. The College is not responsible for collection of these loans. The amount of disbursements under the Program during the current year is presented in the schedule of expenditures of federal awards.

Note 4. Subrecipients

The College did not provide federal awards to any subrecipients during the year ended September 30, 2024.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Chancellor of the Alabama Community College System
and the President of Jefferson State Community College

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Jefferson State Community College (the College), as of and for the year ended September 30, 2024, and the related notes to the financial statements, and have issued our report thereon dated January 15, 2025. Our report includes a reference to other auditors who audited the financial statements of the Jefferson State Community College Foundation, Inc. (the Foundation), as described in our report on the College's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors. The financial statements of the Foundation were not audited in accordance with *Government Auditing Standards*, and accordingly, this report does not include reporting on internal control over financial reporting or compliance and other matters associated with the Foundation or that are reported on separately by those auditors who audited the financial statements of the Foundation.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the College's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we do not express an opinion on the effectiveness of the College's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the College's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the College's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance, and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Chancellor of the Alabama Community College System
and the President of Jefferson State Community College

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Jefferson State Community College's (the College) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the College's major federal programs for the year ended September 30, 2024. The College's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the College complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the College and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the College's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the College's federal programs.

Auditors' Responsibilities for the Audit of Compliance
Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the College's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the College's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the College's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.

- Obtain an understanding of the College's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances, and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance
A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Schedule of Findings and Questioned Costs
Year Ended September 30, 2024

Section I – Summary of Auditors' Results

Financial Statements

Type of auditors' report issued:

☑ Unmodified ☐ Qualified ☐ Adverse ☐ Disclaimer

Internal control over financial reporting:

Material weakness(es) identified?	☐ Yes	☑ No
Significant deficiency(ies) identified?	☐ Yes	☑ None reported
Noncompliance material to financial statements noted?	☐ Yes	☑ No

Federal Awards

Internal control over major programs:

Material weakness(es) identified?	☐ Yes	☑ No
Significant deficiency(ies) identified?	☐ Yes	☑ None reported

Type of auditors' report issued on compliance for major programs:

☑ Unmodified ☐ Qualified ☐ Adverse ☐ Disclaimer

Any audit findings disclosed that are required to be reported in accordance with 2 CFR 200.516(a)?	☐ Yes	☑ No

Identification of major programs:

Assistance Listing Number	Name of Federal Program or Cluster
84.007, 84.033, 84.063, 84.268	Student Financial Aid Cluster

Dollar threshold used to distinguish between type A and type B programs: $750,000

Auditee qualified as low-risk auditee? ☐ Yes ☑ No

Section II – Financial Statement Findings

No findings to report.

Section III – Federal Award Findings and Questioned Costs

No findings to report.
